

Lion Professor Ian Constable AO – A Visionary Leader, Medical Pioneer, and Champion of Sight

Nominated by the Lions Club of City of Perth (Host)

Lion Professor Ian Constable AO has been an esteemed member of the Lions Club of City of Perth (Host) since **1975**, bringing with him a unique blend of scientific excellence, humanitarian dedication, and visionary leadership. His influence has extended far beyond club service, shaping the future of ophthalmology and establishing Western Australia as a world leader in eye health and research.

Lionistic Leadership and Vision

Shortly after joining the City of Perth (Host) Lions Club, Lion Ian's exceptional expertise as the **Foundation Chair of Ophthalmology at the University of Western Australia** became the catalyst for one of Lions' most significant and enduring contributions to public health:

- **Founding influence behind the Lions Save-Sight Foundation of Western Australia**

His leadership and foresight helped transform Lions' commitment to combatting preventable blindness into a major statewide initiative that continues to serve thousands of Western Australians every year.

Pioneering Contributions to Eye Health

Building on the success of the Save-Sight Foundation, Lion Ian played a crucial role in the creation and growth of an institution that is now internationally recognised:

- **Director – Lions Eye Institute (LEI), Perth**

Through his leadership and scientific reputation, Ian was instrumental in:

- **Attracting major international research grants**
- **Establishing world-class clinical and research programs**
- **Elevating the Lions Eye Institute to become one of the premier eye research centres globally**

Today, the Lions Eye Institute stands as a testament to Ian's vision and unwavering dedication to improving eye health worldwide.

A Lasting Legacy

Lion Professor Ian Constable AO's contributions to Lionism and the field of ophthalmology have improved countless lives, prevented blindness on a global scale, and advanced world-leading medical research. His leadership continues to inspire Lions and medical professionals alike.

Lion Ian's legacy is not only reflected in the institutions he helped create, but in the gift of sight preserved for generations of people across Western Australia and beyond.
